**3-POSITION CAPE COD & NAUTICAL POOL CHAIRS - PF300-3, PF300-5**

A breakthrough in inflatable pool chairs. Elegant, comfortable, stable...these chairs rely upon leverage and flotation supplied by external outriggers. The Cape Cod, as well as the Nautical Chair, have newly designed semi-rigid accordion cup holders (U.S. Pat. #6,102,759) and have special link fittings to join many chairs side by side or face to face. The Nautical Chair comes with a large water compartment under the seat for ballast and a braided cord for tie-downs to prevent the chair from blowing overboard on a windy day. (U.S. Pat. #6,224,444)

**OPTIONAL HOLLY SHADE AVAILABLE**

See accessories page 28.
